

Kent Couriers Ltd joined the network at the end of April 2010. Based in Croydon, they cover SM, CR & SW postcodes. They run an extensive fleet of vehicles operating from 1 – 44 tonnes, offering dedicated vehicles, bulk storage, and pallets, express, overnight and many more specialised transportation services. They came to UK Pallets after working with a competitor pallet network.

They took over from Streets Transport solutions, who after a change in family and business circumstances, decided that full membership of a pallet network was not for them.

Williams Haulage Ltd joined the network at the beginning of 2010.

Based in Corwen, North Wales they cover LL and part CH postcodes. A family business since 1972, offering: Express delivery, nationwide distribution & groupage and global logistics. This company has an extensive fleet of vehicles from vans to articulated vehicles including flat beds.

They took over from Cooper Carriers with whom UK Pallets decided to part company with following a full review of their service performance levels

Forrest Transport, based in Exeter joined UK Pallets in May 2009, covering EX & TQ postcodes. They joined UK Pallets after working with a competitor network. As well as express delivery, they offer general haulage services, freight & vehicle storage.

They took over from L & G Distribution who decided to give us notice. They also started working with UPN under another company name. We are led to believe that they are no longer trading.

Condor Logistics has been established as a freight forwarding/logistics company to The Channel Islands for over 50 years. Its Freight Forwarding Services operates from Their Portsmouth Freight, West Midlands Freight and Jersey and Guernsey

Freight terminals; they have a comprehensive fleet of delivery trailers, including ambient and temperature controlled, as well as specialised equipment and purpose built trailers for distribution services to the Channel Islands. Both Portsmouth and Solihull Freight cargo centres offer secure warehousing, while Portsmouth Depot also offers warehousing and inventory management facilities.

Following a review with our existing member and performance issues it was decided to change members for the Channel Island deliveries. Condor Logistics started with UK Pallets on 4th May 2010.
